

MX IMP – LICENSE MANAGEMENT

COLLECT STATUS INFORMATION

Start the program **HASP Key Update (1)** located in:
Windows Start button -> Metalix

Select **Collect Status Information (2)**, Select **Installation of new protection key (3)**, Click on **Collect Information (4)** and save the ***.c2v** file on your computer.

Send us by email at sales.adm@cybelec.ch these information: **Voucher S/N (5)**, **Security Code (6)** and your ***.c2v** file.

You will receive by mail under 2-3 working days a ***.v2c** file.

APPLY LICENSE

Start the program **HASP Key Update (1)** located in:
Windows Start button -> Metalix

Select **Apply License File (7)**, Select the location path of your ***.v2c** file **(8)**, Click on **Apply Update (9)**.

You can now use MX IMP option.
